**WITH AN ESG RISK RATING OF 6.3 FNM IS CONFIRMED AMONG THE FIRST TOP RATED ENTITIES IN THE WORLD ASSESSED BY MORNINGSTAR SUSTAINALYTICS**

*Milan, 8 January 2025* – Also in 2024 global ESG data, ratings and research provider Morningstar Sustainalytics has assessed the FNM Group’s ESG risk profile as negligible, assigning a score of 6.3 (on a scale between 0 and >40, where 0 indicates the best rating and >40 the worst), continuously improving from both 2023 (6.6) and 2022 (7.4).

FNM is therefore confirmed among the 50 top rated companies out of more than 15,000 entities evaluated worldwide by Morningstar Sustainalytics – a leading provider of ESG research and ratings – ranking in the fourth place among the 175 companies operating in the Transportation Infrastructure industry. Morningstar Sustainalytics assessed risk management with regard to sustainability of services, community relations, and occupational health and safety and found residual unmanaged risk to be negligible. The rating assignment was voluntarily requested by FNM.

The FNM Group confirms its attention to environmental, social and governance sustainability issues, and its constant commitment to improving transparency and the integration of sustainability factors in processes and corporate strategy.
